

Maintenance Painting Service

"The Five Guys" Complete Restaurant Touch Up

Special Maintenance Painting Program

This is a full service maintenance painting program focused exclusively on maintaining all paint related finishes and keeping your restaurant looking clean.

In high traffic areas it does not take long for a newly painted surface to appear dirty and for the overall good appearance of your restaurant to diminish. Visual interpretation can manifest itself in many different ways and a positive or negative experience is well remembered.

As the saying goes *"You only have one chance to make a good first impression"*.

We want the opportunity to make sure your customers first impression is one of "a clean and well maintained restaurant" and that this impression carries forward on subsequent return visits.

Through our service you can be assured that we will achieve this goal!

- Touch up high traffic areas and wherever needed in order to keep your restaurant looking clean.
- A detailed maintenance report for your records with each visit.
- Your restaurant has a painting professional on call from color consultation to graffiti removal and repaint.
- All hours are flexible, we work with your schedule and the varying needs of each individual restaurant.
- With proper maintenance the duration of time between a complete repaint can be greatly extended thus saving money while keeping up the good appearance of your restaurant.
- When the time comes for a complete repaint we can apply a portion of the maintenance cost towards the cost of the complete repaint or prorate the difference if another painting contractor performs the job.

100% Satisfaction Guaranteed.
